SENATE ACTION WAS UNANIMOUS

No Voice Raised Against Lowering Bank Tax to 20 Cents on $100.

GOES TO GOVERNOR.

Emergency Clause Makes Measure Effective From Time Executive's Signature is Affixed.

Richmond, Va., Jan. 29.—Unanimous approval was given by the Senate of Virginia yesterday to the House bill segregating the tax on money and fixing the rate of taxation at 20 cents on $100. The bill, as passed by both branches, will be enrolled today, and presented to Governor Mann. As the Governor personally appeared before the house committee in favor of a lower tax on bank deposits, and made a strong recommendation for a rate even lower than that named in the bill in his message to the General Assembly, ther eis little reason to doubt that the bill, which carries an emergency clause giving effect from its passage, will be a law this afternoon.

The final passage of the bill marks the end of the most spectacular fight before the session of the General Assembly—a fight in which the leaders of the House of Delegates sharply disagreee, and which was conducted with ability on both sides. The result is a compromise measure. The bankers carry their point for a low tax on this class of property, while Governor-Elect Stuart, Delegate Jordan and other house leaders through their vigorous efforts, have secured an increase from the purely nominal rate of 2 cents, to ten times that amount, thus greatly increasing the revenues of the State alone, without giving counties and cities any subject of taxation in return. The city of Richmond, it is said, will loose about $25,000 a year through its operations, but it is believed to have removed all reason for hoarding of money outside of the banks, or sending it from the state.

Since 1878 there has been a statute on the books imposing a tax on money. Practically no money has been returned for taxation save fiduciary accounts, less than $7,000,000 out of a possible $200,000,000 having been returned by the people of Virginia for assessment in 1912. Auditor Moore went into office sworn to enforce the law as he found it. His effort to get the juries to enforce the law in 1913 as to deposits in banks resulted in a condition, as the tax period of 1914 approached, which promised heavy withdrawals. A city and state tax of $1.75 on $10 when the average saving bank pays only $3 on $100, was believed to be little short of confiscation. It is estimated that $2,000,000 was removed from Richmond banks last year to escape possibility of taxation, and much of it has never returned. As money in bank is loaned out again for the development of trade and commerce, the Virginia Banker's Association took the ground that it was double taxation, and asked for a nominal rate that would mean a practical exemption.

While agreeing that the old rate was prohibitory and against public policy, Governor-Elect Henry C. Stuart took the ground that when the General Assembly is about to begin a definite movement to equalize the burden of taxation, it would not appear to be evidence of good faith practically to exempt $200,000,000 from any tax. Through its influence the rate was raised from 2 cents, first to 10 cents as the bill was reported by the committee, and finally to 20 cents as it finally passed. The plan to collect the tax through the banks was a new idea to Virginia legislators, having been borrowed from President Wilson's plan for collecting the federal income tax, and, while it received active support of many members, it was not altogether surprising that it failed of passage.

As the bill will go to the Governor it provides for the segregation of money as a subject of taxation for the state alone, prohibiting its taxation by counties, cities or school districts. A tax rate of 20 cents is laid for money on deposit with any bank or other corporation, firm or person, or in the possession, or under the control of the owner, whether such money be actually in or out of the state, provided it belongs to a citizen of this State.

The belief is expressed that the exceedingly low rate of $2 per $1,000, the lowest of any class of property in Virginia, will result in much more honest and general returns of money in bank on February 1, and that, as a matter or fact, the state will reap at the lower rate a larger tax than was collected under the old almost prohibitive rate. As compensation to the cities and counties, the bill provides that one-half of the total receipts from this tax shall be apportioned back to the public free schools of the cities and counties.

FUNDS ARE NEEDED FOR STATE ROADS

Highway Commissioner Outlines Program to Finance Committee.

INADEQUATE FORCE.

During Past Year 619 Miles of Highway and 83 Bridges Were Constructed on the Line.

Richmond, Jan. 29.—State Highway Commissioner George P. Coleman presented the road program of the State before the House Finance Committee yesterday. He asked the following annual appropriations:

State money aid to counties for road building, $200,000.

Increase in the contingent fund for maintenace of the office, $7,700.

Maintenance of the convict road forces, $145,000.

Mr. Coleman explained that it would be economy for the State to provide a more adequate supervising and engineering force, as it would enable his department to give closer attention to work under construction. During last year the State Highway Commissioner and his assistants supervised work of 355 different roads and the construction of eighty-three bridges scattered throughout the State.

"With the force at our command," said Mr. Coleman, "it has been impossible always to supervise and carefully guard the expenditure of funds necessary to carry on this work properly. We have been doing the best we could with the funds at our disposal, and believe that with additional force we can actaily save money to the State and counties in construction work.

"We constructed during last year by means of State aid, convicts and county bond issues, 619 miles of roads eighty-three bridges and expended approximately $1,700,000.

"At the present time we are working twenty-eight convict camps in different sections of the State. Twenty-five of these are supported and maintained by State appropriation. Three of them are being maintained by counties, with the understanding that if the present legislature makes a sufficient appropriation, they will be taken over and maintained hereafter at State expense. Prior to May 1, 1913, we were maintaining at State expense fifteen convict road camps, and two others at the expense of counties. Since that time we have established eleven new camps. We would like to have funds to take over the three camps supported by counties, and to establish four new camps, making a total of thirty-two gangs of convicts at work on the roads of Virginia. The average convict camp costs the State about $6,500 a year to establish and maintain, making a total for the thirty-two camps at $208,000. For this work we are now asking for an appropriation of $145,000, and expect to raise the remained from the fees now paid to sheriffs and sergeants for maintaining prisoners in jails."

Mr. Coleman said he highly approved of a bill now pending to set apart the money paid in for automobile licenses as a special fund to aid counties to keep in good order roads already built by convicts or from county bond issues.

VATICAN IS INDIGNANT.

Denial of Story That Pope Sees Nothing Wrong in the Tango.

Rome, Jan. 29.—The Vatican is indignant at an article which appeared Tuesday in Le Temps of Paris and was cabled to the United States saying that the Pope saw nothing wrong in the tango itself, but objected to the extreme manner of dancing it. The article added that the Pontiff was booming a new dance, intended to take the place of the tango.

Vatican officials said the only way the Pope has taken action in regard to the tango is by approving the condemantion of that dance issued recently by the Cardinal Vicar.

WOULD INCREASE PENSIONS.

Plan to Amend Extension Clause From $750 to $1,250.

Richmond, Va., Jan. 29.—A large number of the Daughters of the Confederacy and members of R. E. Lee Camp of Confederate Veterans appeared before the appropriations committe Tuesday night for a discussion of the appropriation for Confederate pensions.

The discussion lasted a very few minutes, but the requests for the veterans show an increase of approximately 28 per cent over that of the past two years.

Another important amendment offered to the pension bill as advocated by the grand camp of Confederate Veterans was the raising of the exemption from $750 to $1,250. According to the laws, veterans who own $750 worth of property cannot draw a pension and if the amendment is accepted, this will be raised to $1,200. The amount asked for this year in pensions will approximate $584,375.

An important measure was introduced by Mr. Toney, delegate from the city of Richmond, providing for a monthly allowance, by the State, of $2 to the old soldiers in Lee Camp Soldiers' Home. Mr. Toney appeared before the committee and stated that now the veteran had absolutely to depend on charity for the purchase of an extra pocket handkerchief or a smoke.

Mr. Toney was eloquent in the praise of the soldiers who fought for the South and earnestly asked that his bill receive serious consideration. He was ably supported by members of the board of visitors of the home, who testified to the excellent standing of the men now confined in the home.

JAPAN AND MEXICO.

State Department Expects to Receive Denials.

Washington, Jan. 29.—Unless some sort of denial is forthcoming within a short time regarding the reports of her activities in Mexico, the situation between the United States and the Mikado's government is likely to grow considerably more acute.

That such a denial will come through the Japanese embassy to the State Department, is the belief among diplomats.

It is confidently believed among those close to the State Department that Japan will deny with all professions of friendship for the United States, the reports that she has been selling arm send ammunition to Huerta at a nominal cost, and will disclaim any intention of affronting the United States by her action in sending the cruiser Idzuma to Mexico. She will doubtles sdeny, it is said, any responsibility for the demonstrations in Mexico City in honor of the Japanese officers sent to the Japanese legation.

This, practically was Japan's course when last summer Huerta's followers went out of their way to do honor to the new Japanese minister to Mexico, and when Huerta, with much ceremony, dispatched De La Barra to Tokyo on a special mission of respect to the Japanese ruler.

The action of the United States at that time was vigorous. Representations of displeasure were at once forwarded to Tokyo, with the result that De La Barra, before he had half complete his journey to Japan, was informed by the Japanese foreign office that he would not be received in audience by the Emperor.

Lady Sackville Wants Back Art.

London, Jan. 29.—Lady Sackville, of whom all the world heard when she established herself at law as the heir to Sir John Murray Scott's millions, has been in recent communication with J. Pierpont Morgan. Lady Sackville wishes to buy back the art treasurers she sold to Mr. Morgan's father.

Lady Sackville disposed of paintings and other works of art to obtain money to keep up Knole Park, her splendid and expensive mansion near Sevenoaks. Now, having much money, she desires to repurchase the objects.

ARRANGEMENTS TO CARE FOR EVICTED

Church and Other Organizations Ready to Afford Aid to Women.

WILL PROVIDE HOMES.

Majority of Inmates of Houses in Red Light District Ready to Accept Employment.

Washington, Jan. 29.—Active campaign for the $25,000 fund by which the National Social Welfare League proposes to care for the women and girls who will be turned out of Washington's segregated district, when the signing of the Keyon red light bill makes that measure a law, has been started.

Thousands of subscription blanks are being distributed among the clergymen, civic and charity workers, making appeals for money.

Stanley M. Finch, in charge of the campaign, and father of the plan to establish a garment-making factory, in which the unfortunate women may obtain employment, made a canvass of the district accompanied by a policeman of the First precinct, and declared today that at least three out of every five women with whom he talked were ready to accept the opportunity offered by the plan.

Aided by practically all the city's churches and civic and social organizations, officials of the National Social Welfare League believe that it is amply prepared to meet the situation which will be brought about with the closing of the resorts.

Lectures in the theatres before and between the acts, are being planned, most of the managers of the amusement places having agreed to permit Mr. Finch to speak in their respective houses. Many of the clergy will discuss the situation and plead for assistance in coping with it in the pulpits of the churches Sunday. Subscription blanks will be distributed in churches and other public places in the campaign for the fund needed.

The Florence Crittenton Mission has thrown open its doors, while the Woman's Auxiliary Clinic announces that it is prepared to minister medical advice and attention to any of the women who apply there.

The Federation of Women's Clubs, the Woman's Civic Federation, the Congress of Mothers, and similar organizations have notified Mr. Finch that they will give all the support in their power to this plan.

To discuss methods to aid the Finch plan, the Interdenominational Missionary Union committee on the White Slave traffic in the District of Columbia will meet tomorrow morning at the Public Library. The Federation of Women's Clubs will meet at the Library Saturday morning at 11 o'clock. Mrs. Kate Waller Barrett, president of the Florence Crittenton Mission, and Mr. Finch will address the meeting. Saturday afternoon at 2:30 o'clock in the oak room of the Raleigh, the executive committee of the federation will meet. Mr. Finch will speak.

Militants Assail Cabinet.

London, Jan. 29.—Militant suffragettes yesterday made a bold attempt to break into a meeting of the British Cabinet council, sitting at the official residence of Premier Asquith, in Downing street. An automibile, with a woman at the wheel and filled with suffragettes, dashed from Whitehall into Downing street before the police outside the residence realized what was going on.

When the driver refused to retire from the street the entire party was placed under arrest and taken to Scotland Yard. When arrangned at Bow street, three refused to give their names, and were entered in the charge book under numbers. The driver said she was Miss Virtue, and was the private secretary of "Genera' Flora Drummond. All were bound over to be of god behaviour for six months.

KING WAVE SWEEPS LINER.

Boards Steamber in Gale and Wrecks Things Generally.

New York, January 29.—One of the worst trips ever made by the Atlantic transport liner Minnetonka ended late yesterday, when, after a 24-hour anchorage near quarantine, enforced by the thick fog, the vessel finally reached her pier. Last Saturday, while steaming into the teeth of a heavy gale, what sailors call a "king wave" swept over the liner, damaging her bulwarks and twisting the forward deck stanchions.

The enormous sea also wrecked the quarters of the firemen, smashed seven port lights and flooded the saloon dining room.

On each $100 earned every employe will receive a cash dividend at the same rate paid to stockholders. Dividends will be declared on December 31 to all employes of one year's standing. Employes drawing from $600 to $1,000 a year in wages will receive next January a dividend of from $48 to $80. The company specially states that "the profit sharing is not offered as a substitute for normal advancement in wages."

GREEKS ARE INDIGNANT.

Deny Stories of Cruelty by That People During Recent War.

The Atlantis, Daily Greek neswpaper, published in New York, recently contained the following:

"For some time past the suffering and starving hordes of Bulgaria have been called to the attention and sympathies of the American people with emphasis and persistence—so be it—great suffering and distress undoubtedly exists—the consequence of terrible and devastating war, and the unwillingness or inability of a grasping government and a people lacking both patriotism and co-ordination to grapple with conditions and bring order out of chaos. Let generous America give generously if she will—Greece does not ask for alms—but she is voicing her protest against the accusations of wholesale atrocities, murder and rapine publicly and officially frought against her by Bulgaria, in an effort to excite sympathy, and most of all, to distract attention from the proved and acknowledged atrocities committed by her troops, which shocked and incensed the whole civilized world.

By declaring themselves the victims, not the perpetrators of unspeakable cruelties and wanton destruction, they have sought to "put the shoe on another's foot." Their activities in the broadcast dissemination of defamatory literature concerning the Greeks have reached every country on earth. In American they have been given unwarranted publicity and credit—unwarranted in that the dreadful results of Bulgarian ferocity are a matter of public record and are at the disposal of anyone who will give the time to ascertain them.

Unfortunately the "lurid allegations" proved so colorful that they were seized upon with avidity by certain journalistic interests and, with no thought of the injustice involved, set forth as facts to the public. The Greeks of America are righteously indignant—they have not asked help from any other country for their destitute thousands at home—they have co-operated in strenuous self-sacrifice to suffice to these pressing needs—but they do demand and expect common justice and a fair hearing from the American people."

MUCH-NEEDED IMPROVEMENT.

Stone Roadway to be Constructed at the Foot of Cameron Street.

The approach to the wharf of the Mutual Ice Company, foot of Cameron street, has for years been through a quagmire, and during the excursion season great inconvenience is experienced by people who patronize the steamers. The same trouble is occasioned persons who arrive here on river steamers or embark upon the same at any time of the year.

As was seen by the proceedings of Council published in yesterday's Gazette, the Mutual Ice Company, which contemplated improving conditions in that locality some time ago, has petitioned the City Council to donate discarded cobblestones and flagging for this work, the company to transport the same and pay for the work to be done.

The crossing of Union street has been in a bad condition for a long time, and after the Mutual Ice Company shall have constructed the roadway from the east side of Union street to their wharf, it suitable crossings are not constructed from the west to the east side of the street the nuisance will have been but partially abated.

It is suggested that crossings should be constructed either by the Southern Railway Company or the city in order to afford an approach to the new work.

THE LATE DANIEL BALLAUF.

Funeral services for Daniel Ballauf an old resident of Washington, who died Tuesday, took place this afternoon. Rev. John T. Huddle, of St Paul's Lutheran church, officiated. Interment was in Glenwood cemetery.

Mr. Ballauf was a model maker for more than fifty years. He witnessed the assassination of President Lincoln, having been at the Ford Theatre that night. According to the octogenarian, Booth never made a remark from the time when he first made his appearance to the time he disappeared, and did not shout "Sic semper tyrannis," as has often been asserted.

The deceased was born in Germany and upon reaching this country took up his residence in Baltimore. Later he removed to Alexandria and subsequently took up his residence in Washington.

COMING CELEBRATION

George Washington Birthday Association Held Another Meeting Last Night

At a largely attended meeting of the George Washington Birthday Association held in the rooms of the Chamber of Commerce last night, reports of committees were received, and plans for the parade to be given in this city on February 22 were discussed.

The members of the committee that visited Washington on Monday to invite President Wilson and other distinguished officials to visit this city to honor the memory of Washington expressed the hope that their mission had been succesful. Other reports indicated that the afair will be one of the most pretentious ever held in Alexandria.

Efforts will be made to have King street illuminated a day preceding the parade and on the day following. Announcement was made that the Southern Railway Company will extend excursion rates from February 21 to 23.

Invitations were extended the following organizations to participate: Red Men, of this city and Washington; Uniformed Rank, Knights of Pythias; Junior Order of United American Mechanics; Order of Fraternal Americans, Minute Men, Washington and Alexandria Odd Fellows, and students of Alexandria high school.

There will be another meeting Friday night.

The finance committee in less than two full days work has raised more than half of the needed funds, and expect to complete the raising of funds this week.

Most of the merchants of the city are having notice of the celebration printed on the back of all envelopes used by them, and this form of advertising gives the widest publicity.

FINED FIVE DOLLARS.

Boys Charged With Burning a Cat Before the Police Court.

The three boys who were arraigned before the Police Court yesterday to answer the charge of cruelty to animals, and whose case was continued reappeared this morning.

According to the testimony, the youths caught a cat belonging to a woman residing on upper Prince St. and setting fire to a newspaper threw it upon the feline, which burned the fur from part of its body. One of the boys placed a raw hide string around the cat's neck and painfully tortured the animal.

Justice Caton imposed a fine of five dollars upon the two older boys and turned the youngest of the trio over to his father for correction.

NEGRO ASSAULTED.

William Thomas, colored, appeared at the station house this morning with his right eye seriously injured and several teeth rendered useless the result, he alleged, of having been struck in the face by a brick thrown by Joseph Harris, colored. The latter had been arrested by Officer Talbot.

According to Thomas' story he was near a saloon in the northeastern section of the city last night and discovered that a bottle of gin had been taken from one of his pockets While searching for the gin he angered Harris, who picked up a brick and struck him in the face with it.

Harris, in his defense, denied having used a brick, but said he struck Thomas with his fist, as, he said, Thomas was armed with a knife and was endeavoring to cut him.

In the absence of material witnesses of the affray, the case was postponed until tomorrow morning.

NEWS OF THE OLD DOMINION

FRONT ROYAL WINS PRAISE.

New Water Supply of Towns Heartily Endorsed by State Board of Health.

Richmond, Va., Jan. 29.—(Special)—Officers of the State Board of Health, who have just made an inspection of the new water supply of Front Royal, expressed high commendation of the system in a statement given out today. The valley town, they declare, now has one of the best water supplies of the State and can guarantee to all visitors absolute freedom from water-borne disease.

The Board of Health is particularly gratified at Front Royal's action in view of the fact that the town has moved promptly after being convinced of the necessity of protecting its water. In March last, the town council engaged an engineer and had plans and specifications drawn for a modern filtration plant to purify the water. Letting the contract in July, the town pushed the work insistently. Since March, also, to protect the citizens from the danger of typhoid, the town has kept a man on duty to operate the hypochlorite of lime plant which was installed last spring. The finished work, as turned over by the contractor was inspected and formally accepted last week.

"Front Royal," says the bulletin of the Board, made public today, "has proceeded to install its new water-supply with most commendable foresight. The town is almost ideally situated for good health and now is in a position to protect its water beyond possible contamination. The system just installed includes a coagulation basin, gravity mechanical filters, storage basins for the filtered water and, as an extra precaution, apparatus for sterilizing the water before it is turned into the mains. The work is of concrete, with the most modern and up-to-date appliances and the total cost, $17,000 was borne by the town without a bond-issue.

Since the first of the year the people have been getting a supply of clear, sparkling and pure water of the highest quality. The capacity of the plant is 1,000,000 gallons the day, or more than twice as much as the town now uses.

"The Board of Health feels that Front Royal deserves the highest praise for this work in behalf of the public health. The council of the town, and especially W. W. Pettit, chairman of the water committee, have given freely of their services in supervising the installation of the new system.

"Front Royal should be advertised to the State as a town the water supply of which is absolutely above question. The health of this splendid town will soon, we believe, compare favorably with that of any town in Virginia."

SHE GAVE UP ALL HOPE

Physicians Failed To Help Mrs. Green, But She Finally Found Relief in Cardui.

Meetze, Va.—Mrs. J. C. Green of this place, says: "I suffered with womanly troubles so that I could hardly sit up. Two of the best doctors in our town treated me, and I tried different medicines, until I gave up all hope of ever getting well.

One day, I decided to try some Cardui. It did so much for me that I ordered some more, and it cured me! Today, I feel as well as I ever did in my life.

The pains and the trouble are all gone. I feel like another person in every way. I wish every sufferer could know what Cardui will do for sick women."

A few doses of Cardui at the right time, will save many a big doctor bill, by preventing serious sickness.

It tones up the nervous system, and helps make pale cheeks fresh and rosy. Thousands of weak women have been restored to health and happiness by using Cardui. Suppose you try it. It may be just the medicine you need.

COUNCIL FAILS TO REDISTRICT CITY

More than a year ago the Gazette called the attention of City Council to its duty to pass an ordinance during the year prescribing the number of members of each branch of Council and redistricting the wards of the city if necessary. No action was taken on the suggestion although the law is very plain. Following are the provisions of section 1015 b of the code regarding the matter:

"The Council in every city shall, in the year nineteen hundred and three, and every tenth year thereafter, and also whenever the boundaries of the wards of the city are changed, prescribe by ordinance, the number of members of each branch of the council and re-apportion the representation therein among the wards, but so as to give as far as practicable, to each ward of such city equal representation in the council and in each branch thereof in proportion to the population of each ward. In determining such population, the Council shall be governed by the last United States census, or by an enumeration to be provided for by ordinance of said Council or such other enumeration as may be provided by law; provided, however, than whenever, by the last United States census, or other enumeration made by authority of the council or as may be provided by law, it shall appear that the population in any ward exceeds that of any other ward by as much as three thousand inhabitants, or when ever the corporate limits of the city shall be extended or contracted, or whenever in the opinion of the council, it is necesary, it shall be the duty of the City Council to redistrict the city into wards, or so increase or diminish the number of wards as that no one ward shall exceed any other ward in population by more than three thousand inhabitants. For the purpose of carrying out the provisions of this section, or whenever it shall be considered to the interest of the city, the council of each city shall have full power, by ordinance, to authorize an enumeration of the population of the city, and of the different wards thereof by such number of enumerators, with such compensation, and in such manner, as may be provided for in such ordinance; provided, that whenever such enumeration is authorized, the enumerators provided for in such ordinance shall be named by the judge of the corporation court of said city, or if there be none, by the judge of the circuit court having jurisdiction therof; provided, however, that, if, by any change of the boundaries of a ward, or by the increase or dimunition of the number of wards, any officer, who is required by law to be a resident of the ward from which he is elected or appointed, shall become a resident of a different ward, such officer shall, notwithstanding, serve as such to the end of the term."

BOY'S BODY LIKE RUBBER.

Run Over by Touring Car With Four Passengers and is Unhurt.

Mount Holly, N. J., Jan. 29.—Run over by an automobile carrying four passengers and coming out without injury which his attending physician could say was alarming was the experience of Lawrence, 12-year-old son of Thomas Dolly, in front of his home at Moorestown Tuesday night. The boy complained of only slight bruises, and, after having a good night's rest, appeared to be just as good as ever today. The physician could find neither broken bones nor internal injuries.

The automobile belonged to Harry E. Dubell, a prominent citizen living near here. Dolly had been riding on the rear of a farm wagon and was not seen by the automobilist. When the car had almost reached the wagon the boy jumped off and ran directly in front of it. The automobile party gave every assistance possible to the boy.

NEWS OF THE DAY

The "Jim Crow" law of Oklahoma was upheld by the United States Circuit Court of Appeals in a decision handed down at St. Louis yesterday. The court affirmed the decision of the District Court at Kansas City which refused to award William J. Tompkins damages of $50,000 because of an attempt to enforce the "Jim Crow" law against him. Tompkins, a negro, bought a ticket from Kansas City to McAlester, Okla., over the Missouri, Kansas and Texas Railroad. He also bought a Pullman ticket. When the train reached the Oklahoma line Tompkins was informed that he must leave the "white" car and enter a negro coach. He refused to do so and was ordered off the train. A disturbance resulted and Tompkins was arrested and fined $15.00.

Unconscious and the victim of a mysterious razor attack, Prof. J. Bosworth, 32 years old, a member of the University and Harvard Clubs, and of a prominent Salem, Mass., family, lies in a hospital in Chicago with his throat cut from ear to ear and in a critical condition. The police are searching for two men of swarthy complexion, whom they believed wielded the razor. The police found evidence of a desperate battle in the school office. On the floor was found a woman's long black broadcloth coat that the police believe may afford them a good clew.

A Scotch collie's fondness for a 7-months-old baby is believed to have been the indirect cause of the child's death by drowning in a bath tub in New York. At the inquest today into the death of the infant, Gladys Leak, it developed that the baby had been left alone in the house by her woman guardian, with only the dog for her company, the precaution taken for the little one's safety being to place her in the bath tub, well cushioned with blankets and pillows. The collie, it is believed, pressed its paw on the spigot handle while peering into the tub to look at its baby friend and started the water running. The baby was found drowned when the caretaker returned.

MADE GIRL POSE.

Father Asks $10,000 Damages From Well-Known Boston Landscape Painter.

Boston, Mass., Jan. 29.—Alleging that his daughter, Helen G. Graham, sixteen years old, was forced to pose nude for more than two hours, Wm. A. Graham, of 10 Harvard street,has filed attachment for $10,000 against Harry O. Ryder, an artist, living at 36 Islington road, Auburndale. The attachment was filed at East Cambridge.

The Graham girl is a member of the sophomore class at the high school. Her father is a watchmaker. Ryder is 45 years old and a bachelor and maintains a studio in Auburndale. He has earned considerable fame as a landscape painter.

The girl, according to her father, posed nude for the artist three weeks ago. He said he was paid $3 for her services.

Artist Ryder professes entire ignorance of the proceedings and disclaims any acquaintance with the girl.

HOMELESS IN RUSSIAN WINTER.

Effects of Cyclone and Flood Around St. Petersburg.

St. Petersburg, Russia, Jan. 29.—More than 7,000 persons are homeless in the district around St. Petersburg swept by cyclone and flood. Thousands of workmen are idle through the forced shut down of manufacturing plants and railroad and river traffic are at a standstill in many quarters. The total damage probably will exceed $2,000,000.

Soldiers were formed into relief squads today to help clean up the flood debris and distribute food and clothing among the refugees.

Cold weather is causing much suffering among homeless families.

CHARGES AGAINST SPEER.

Alleged That he is Unfit to Preside as Judge of Court.

Savannah, Ga., Jan. 29.—Sweeping charges that Federal Judge Speer, of the Southern District of Georgia, repeatedly has conducted his court in a high-handed, arrogant, intolerant manner, and is unfit to preside as a judge, yesterday were made by witnesses before the special congressional committee which is conducting an investigation here into charges of official misconduct by the accused jurist.

Thomas S. Felder, Attorney-General of Georgia, who occupied the witness stand for the greater part of the day, was vigorous in his denunciation of Judge Speer.

"Judge Speer, in my opinion," he said, "is unequivocally unsatisfactory as a judge, and the wonder is the people have suffered so long."

Mr. Felder added that "Judge Speer had the surroundings of his court so arranged as to show him off to best advantage. The lawyers practicing there were the 'King's jesters.' They were the butts for Judge Speer's witicisms. Judge Speer knew how to take advantage of a situaton, and usually did so. The people of Judge Speer's district—not the evil-doers alone—stood in terror of his court."

Mr. Felder's testimony dealt at length with the W. A. Huff bankruptcy case, in which the witness represented Colonel Huff. He charged that Judge Speer had conducted this case in a grossly improper manner, and had allowed excessive fees to officials whom he appointed to conduct the litigation. Mr. Felder corroborated the testimony of Colonel Huff before the committee at Macon, last week, to the effect that Judge Speer allowed approximately $90,000 of the proceeds of the sale of the Huff estate to remain without interest for several years in the bank of which Cecil Morgan, Judge Speer's brother-in-law, is vice-president.

M. A. Baker, of Brunswick, Ga., testified regarding details of the appointment of A. H. Heyward, Judge Speer's son-in-law, as receiver for his company when it was forced into bankruptcy.

ACCEPTS POSITION ON ZONE.

Wires Secretary of War Garrison That he Will be Governor of Canal.

Washington, Jan. 29—Col. George W. Goethals, today accepted by wire President Wilson's offer of the governorship of the Canal Zone.

Secretary of War Garrison refused to give out the text of the telegram from Colonel Goethals until his nomination is sent to the Senate.

He said, however, that Colonel Goethals had accepted the offer unconditionally and not for any specific time, disposing of the rumor that he would serve for a year as governor of the Canal Zone and then accept the offer of Mayor Michel of New York, to become police commissioner.

CURES MERCURY POISON.

Dr. Carter, of Chicago, Discovers Possible Antidote.

Chicago, Jan. 29.—Dr. Thomas A. Carter, of this city, has possibly discovered a valuable antidote for use in cases of bichloride of mercury poisoning.

Its therapeutic value has been proved on guinea pigs and one human being. Theodore W. Evans, a revivalist, connected with the Moody Bible institute ,who was discharged tonight from the German-American Hospital.

Ten days ago, Evans, in a fit of despondency, took two five grain tablets in the morning and then took five tablets later in the day. When he was taken to the hospital it was thought he could live only a few hours at most. Dr. Carter had little hope for his patient, but decided to administer the antidote he had discoevered by chance. There was no operation. Dr. Carter will not discuss the ingredients of the antidote, but will give it to the world when it has been tested further.

Overland Model 79

You Think They Are Different—But Are They?

Too many people are fooled or misled by taking bare automobile prices as a positive indication of the intrinsic value of a car. This is exactly the wrong way to go about.Because one article is priced higher than another it does not follow that this article has a greater value.

As a matter of fact there are any number of $1,200 cars which are not, in value, the equal of the $950 Overland.

For instance:

The $950 Overland has a wheel base of 114 inches.

The wheel base of the average $1,200 car is no longer than this—often shorter. So in this respect you get more for $950 than you do for $1,200.

The $950 Overland has a powerful 35 horse-power motor.

No $1,200 car has a larger motor than this. Here is equal value,and in most cases, more value for less money.

The $950 Overland tires are 33 inches x 4 inches—all around.

No $1,200 car has larger tires—Again—equal value—our price $250 less.

The $950 Overland has a complete set of electric lights—throughout—the same as on most $1,200 cars. Some out of date cars still cling to the obsolete gas lamps. In the first instance the $950 electrically lighted Overland is the equal value of the $1,200 car, and in the second instance has more value than the $1,200 (gas lamp) car. In either case our price is $250 less.

Next comes the matter of equipment. The $950 Overland is complete—a jeweled speedometer, top, curtains, boot, windshield, electric horn—everything complete. No $1,200 car has more complete or better equipment.

And so on, throughout the car. Point for point—specification for specification, the $950 Overland is, in every essential respect, the equal of any $1,200 car on the market.

So we warn you. Ignor the prices. Compare the actual facts first. Then compare the facts with the prices and you get the intrinsic value.

There will be 50,000 Overland cars made this year—the largest production of its kind in the world. And every Overland purchaser will save at least 30 per cent, and get a superior car.

R. P. ANDREWS PAPER CO., Washington, D. C.

November 3, 1913.

Mr. Frank C. Steward, President,
Steward's Business College.

Dear Sir:

I wish to offer you my hearty congratulations upon the really remarkable success of Steward's Business College. I know of no institution in Washington in the last twenty years that has made such wonderful strides in such a short space of time as your college has. It is possible, however, that when one thoroughly understands your methods that your phenomenal growth will not seem so remarkable, and I believe that as people become to understand it your future growth will be greater than your past and present.

Assuring you of my wishes that my prophecy will come true, I am

Most sincerely yours, R. P. ANDREWS,

While gathering mail Tuesday on his route James Byerly, the rural carrier of Sharpsville, Pa., received a forty-pound girl to be delivered by parcel post. The child was the daughter of Mr. and Mrs. J. W. Savis, of Pine Hollow, and was consigned to George Kennedy at Clay Hollow. The little "package" was duly weighed and a charge of forty-five cents was collected. According to the postoffice authorities the child safely reached her destination in the afternoon.

MUST BE TRIED AGAIN.

Harvey D. Looney is Declared Sane by Marion Asylum Officers.

New Castle, Va., Jan. 29.—Harvey D. Looney, sentenced to pay the death penalty in the electric chair in the State penitentiary for the murder of Town Sergeant O. M. Martin, has been brought back to the Craig county jail to await a new trial.

In November, 1913, Looney was granted a hearing before a commission appointed to consider his sanity. He was ordered by Judge George K. Anderson to be sent to the Southwestern State Hospital, at Marion, where an investigation of his mental condition was made.

The authorities of the asylum have notified Judge Anderson that they made a careful study of Looney's actions after he had been placed in the "criminal cell," and could notice no peculiarities in the man's conduct.

Looney attempted suicide after killing Sergeant Martin. The slayer fired a bullet into his own abdomen and was in the Clifton Forge hospital several weeks.

Looney was in the penitentiary awaiting death in the electric chair when the Virginia supreme court of appeals granted a writ of error in his case twenty-four hours before the sentence, which was to end his life, would have been executed. Looney is now declared to be sane.

LEGISLATIVE NOTES.

Delegate Gordon's New Fee Bill—Other Measures.

Richmond, Jan. 29.—Delegate Gordon, of Louisa, offered a maximum fee bill yesterday which would limit the amount of compensation to various offices. The Gordon bill applies to clerks of courts for cities and counties; treasurers, both city and county; commissioners of revene, sheriffs, high constables, sergeants and similar officers. It provides first for a strict accounting by all fee officers. Three violations of the bill mean that the offender will be removed from office. In the accounting there must be listed by court clerks not only the actual court fees or criminal fees, such as were recently reported by many court clerks under the West resolution, but the officer must state the other sources of income of his office, such as State, county and city salary allowances, fees from marriage licenses, allowances for certifying lists of voters for elections, and similar services.

The Gordon bill fixes the maximum allowances as follows: Where the fees of the office amount to $2,000 or less, the officer shall receive the whole amount annally; from $2,000 to $10,000, he shall receive one-half of the fees of the office with $2,000 as a minimum; where the fees of the office exceed $10,000, he shall receive one-half of the first $10,000, and one-fourth of the fees over $10,000. The bill also makes clear what expenses of such offices are to be paid by the officer, and what are to be paid by the counties, cities or State, about which there are said to be some inequalities at present.

Mr. Birrell has introduced a bill in the House to provide for preliminary hearings of all persons charged with felony before presenting them for indictment, except in cases where the person so charged may be without the State, or such hearings waived by the person so charged, and providing for appeals on the part of the State from decisions of the jstice holding such hearing on certain conditions.
